Scholarship Criteria

The Selection Panel will review and evaluate the merits and eligibility of candidates using several criteria.

- Must be enrolled in a full time program in the U.S.
- Have a major in a Science, Technology, Engineering or Mathematics program.
- Maintain a minimum GPA of 3.0 (on a 4.0 cumulative grading scale)
- Provide 1 recommendation from a STEM professor at their home institution
- Provide a personal statement

*Personal Statement

The personal statement may include, but not be limited to:

- the interest, ability and potential of the candidate to study abroad
- the existence and severity of any disadvantages or barriers which may prevent or impede the candidate from studying abroad;
- how receiving the IIE Generation Study Abroad Scholarship from UL will benefit the candidate
- the candidate's motivation, commitment and disposition to benefit from a successful study abroad experience.
